

QUALITY POLICY

- ❖ We tie existence of our company in the conditions of a global competition with a principle of excellence in all company's activities.
- ❖ We adapt our company to our customers. We want to be a company with which a co-operation is good.
- ❖ We apply a principle of a higher added value for customers, i.e. we provide customers with solutions of their problems.
- ❖ We believe conditions for a high performance are created particularly by focusing on processes.
- ❖ We consider human resources management to be a decisive factor of company's success in the subsequent period.
